Dear Parent/Carer,

Year 10 – Use of Sparx Science for Homework

I am writing to inform you that from this week, we are starting to use the science homework platform, Sparx Science, to set homework for Year 10 students. This will assist them in completing review across a wide range of topics from the GCSE course on a weekly basis. We will be asking students to complete 90 minutes of homework each week (which is to allow 30 minutes per science subject). On some occasions, the homework on Sparx may be shortened to allow time for completion of an additional written task.

Your daughter will have the homework set on Tuesday mornings from 7am and it will be due for completion by the end of the day on the following Monday, unless her teacher changes these default settings.

How do students log in?

Students log in to [Sparx Science - Home](#). They will need to find the school's name and log in using their Sparx Maths details.

What devices are supported?

Your child can access Sparx Science on any device that connects to the internet with a web browser.

How can I support my daughter with their homework?

Sparx Science adapts to each student's ability level, so it's important that you don't help too much, e.g. by answering questions for them. This can lead to Sparx giving homework that is too long or hard in future.

It is recommended that students answer each question themselves, and you can give help if they are stuck with the support and follow-up questions.

You can also help to provide a quiet space for your daughter to focus on their homework each week.

How can I monitor my daughter's homework?

You are able to keep track of the homework your daughter is doing by clicking through the link to the Parent Portal in the weekly email you receive for Sparx Maths.

On the Parent Portal, you can choose to view homework progress for any Sparx learning system your daughter is using.

Headteacher: Mr Alan Blount, MA, BSc, QTS

Newstead Wood School is part of United Learning. United Learning comprises: UCST (Registered in England No: 2780748. Charity No. 1016538) and ULT (Registered in England No. 4439859. An Exempt Charity). Companies limited by guarantee. VAT number 834 8515 12. Registered address: United Learning, Worldwide House, Thorpe Wood, Peterborough, PE3 6SB.

What support is available at school?

Should your daughter need access to a computer for completion of this work, access is available in the library at lunchtime and after school.

If you have any questions, please do not hesitate to contact me or your daughter's science teachers.

Yours sincerely,

Mrs Lebreuilly
