

NEWSTEAD WOOD SCHOOL

"creating opportunities for success"

Headteacher: Mr Alan Blount MA, BSc, QTS

Mathematics Teacher at Newstead Wood School for September 2019

Newstead Wood School is a highly selective girls' state secondary school, with a co-educational Sixth Form. The school is heavily over-subscribed. Students here achieve the highest academic standards whilst also benefitting from exceptional pastoral care. Our school badge, with its symbol of the acorn and the motto *Fortitudine Crescamus*, meaning 'may we grow in strength', symbolises the idea of growth, both for the school and for the individual. We are a diverse and inclusive school with a wide catchment area. We pride ourselves on an excellent range of extra-curricular opportunities to complement our academic courses. The vast majority of our students' progress to Russell Group Universities at the end of our Sixth Form.

We are exceptionally proud of our students. They are bright and happy young people who enjoy being at school, each bringing unique talents to our community. Newstead students have freedom and security to be themselves, and many opportunities to follow their interests and aspirations. We know them as individuals and support them to grow as thinking young people and active citizens, ready to take positions of responsibility and leadership on leaving school.

Our lessons move at a fast pace and students are routinely challenged in their thinking. Mathematics is a very popular subject and students come to their lessons with high expectations and a desire for active and complex learning.

Due to retirement, we are seeking to appoint a Mathematics teacher to join our team. NQT's are encouraged to apply and if successful, the right candidate could be employed from July 2019. Applications for part time positions will also be considered. You will be able to consistently demonstrate the professional and personal qualities necessary to inspire our highly motivated and very capable students across all three Key Stages, 3 to 5. The successful candidate will:

- Be an outstanding, organised and committed teacher
- Have a great understanding of all aspects of Mathematics
- Be able to stimulate and engage students
- Be creative, determined and enthusiastic

Newstead Wood is situated in Orpington in the London Borough of Bromley and there are excellent rail links to both London Bridge and Victoria Stations.
