Summer technicians conference	7 th July 2021
Physics for non-specialists	8 th July 2021
Primary conference	9 th July 2021

[Central & West London Launch Event. Tuesday 6 July 2021](#)

Harris Academy St John's Wood would like to welcome science teachers, subject leads and senior leaders from Central & West London to its first event as SLP for the region. The launch will be an opportunity to hear from guest speakers on curriculum, pedagogy and practical work, build networks with colleagues from across the region, and celebrate the end of another eventful year over food and refreshments. We can't wait to meet you all!

Join Saba Tyson and the South London Science Learning Partnership for an action-packed day where we will explore some of the current issues facing science technicians. You will have the opportunity to hear from experts in all aspects of science learning during a series of workshops to attend as well as hear from our keynote speaker Simon Quinnell.

[Physics for non specialists. Thursday 8 July 2021](#)

Developed with the Institute of Physics, this interactive course will help develop your understanding of the principles of physics and the skills and strategies needed to teach the subject effectively and improve student motivation and attainment. Henry Hammond will be on hand to explain the fundamentals of teaching physics and offer tips and tricks to take back to the classroom.

[Primary science – Taking stock and planning for next year. Friday 9 July 2021](#)

Naomi Hiscock will be facilitating this day long conference at Alexandra Park School in North London. This conference will provide advice for science subject leaders on how to develop a revised long-term curriculum plan for science that will address any gaps in learning their pupils may have as a result of the pandemic and strategies for ensuring that missed prior learning is covered in subsequent years.
